EU DECLARATION OF CONFORMITY

DoC Nr: **PPWR-NEU-1210**

Version: v1.0 | Date of Issue / Last Update: 12.08.2026

We, Neutrik AG, Im alten Riet 143, 9494 Schaan, Liechtenstein, declare in our capacity as the manufacturer within the meaning of Article 3(13) of Regulation (EU) 2025/40 on Packaging and Packaging Waste (PPWR), that this EU Declaration of Conformity is issued under our sole responsibility and applies to the following packaging:

Packaging	Classification	Material / Recyclability / Recycled Content
LDPE Bag and foils	1015 **1210**[1]	LD-PE/ 99% / recycled content 30%

Note: The four-digit Classification code shown above (1210) is already applied to part of the packaging and is being rolled out across all packaging under this Classification as part of an ongoing process, enabling direct on-pack traceability. Independently of this on-pack marking, a list of the individual products assigned to this Classification is maintained by Neutrik AG in the separate Annex document referenced below.

The packaging described above is in conformity with the requirements of Regulation (EU) 2025/40 on Packaging and Packaging Waste (PPWR), including the requirements of:

- Article 5(4): Heavy metals [Σ(Pb+Cd+Hg+CrVI) ≤ 100 mg/kg per component].
- Article 5(5): PFAS restrictions in food-contact packaging – not applicable, as the packaging described in this declaration is not intended for food contact.
- Article 6: Design-for-recycling criteria: Packaging components have been designed and assessed for recyclability in accordance with applicable design-for-recycling criteria. Supporting assessments are maintained in the technical documentation
- Article 7: Minimum recycled content in plastic packaging components, as indicated.
- Article 8: Bio-based plastics – not applicable.
- Article 9: Compostability – not applicable.
- Article 10: Packaging minimization – Packaging dimensions and material use have been assessed and documented in accordance with Article 10 PPWR. Grouped, transport and e-commerce packaging additionally fall under the maximum empty space ratio of Article 24 PPWR, applicable from 1 January 2030 (or three years after entry into force of the implementing act on the calculation methodology, if later); this declaration will be updated accordingly once that requirement becomes applicable.
- Article 11: Reusable packaging – not applicable.
- Article 12: Labelling of packaging, where applicable and according to the implementation timeline of Regulation (EU) 2025/40.
- Notified body: not applicable. The conformity assessment procedure was carried out under Module A (internal production control, Article 38 and Annex VII PPWR) without the involvement of a notified body.

Öffentlichkeitsregisteramt Vaduz, H. 419/25 | VAT-Nr. 50 922

Docusign Envelope ID: 73D6CA9E-AE00-8C5C-8090-A000BD26ED31

Conformity assessment has been performed according to DIN EN 13427:2004-10, DIN EN 13428:2004-10, DIN EN 13430:2004-10 and other applicable standards, guidance documents and future harmonised specifications under Regulation (EU) 2025/40.

Information regarding REACH, POP and other applicable chemical compliance requirements is available upon request.

The technical documentation supporting this declaration is maintained in accordance with the requirements of Regulation (EU) 2025/40 and includes relevant test reports, material declarations, calculations, assessments, supplier documentation, and conformity evaluations.

Signed for and on behalf of Neutrik AG
