NJ6FD-V

3 x switching (normalling) stereo jack (T/TN/R/RN/S/SN)

Vertical PCB mount panel jack in A-gauge version with gold plated contacts and unique quick fixing cap for rapid panel mounting. Separation of mechanical latch and electrical contacts offers high retention force combined with low insertion force.

Features & Benefits

- Compact robust plastic housing provides mechanical and electrical reliability
- The retention force is provided by a special spring element, independent from contacts
- Quick Cap Fixing System drastically reduces assembly time through snapping mounting cap
- Mates with plugs acc. to EIA RS-453
