

## opticalCON MTP® 12 Cable

Assembled, rugged and lightweight 12-channel mobile field cable, excellent cable retention due to aramid yarn, black PUR outer jacket, available in single (APC) and multi mode (PC).

The opticalCON MTP ${ }^{\circledR}$ cable connector accommodates 12 optical fibers (multimode PC or single mode APC) based on conventional and proven MTP ${ }^{\circledR}$ connectivity protected by a ruggedized and durable all-metal housing. It features a spring loaded push-pull locking mechanism and an excellent cable retention utilizing aramid yarn. The optical connection is exceptional well protected against dirt and dust by an automatically operated sealing cover.

The cable connector comes pre-assembled and is not available as a single component. The cable is available in different lengths and is packed either in a case, on drum or airspool.

## Features \& Benefits

- Rugged 12-channel fiber optic connection system
- For Point-to-Point multichannel routing
- Dust and water resistant according to IP65 in mated condition

## Cable cross section

Cable O.D.: 8.2 mm
