

## SR8

Bushing and chuck type strain relief (standard)

The modular system of the miniCON series offers the possibility to assemble a desired connector from a wide range of various parts. Including additional parts for special versions (e.g. cable connector extension, crimp set, ...).

The neutriCON connectors are designed for multipin/industrial applications in harsh and demanding environment. The very robust all metal circular connector offers easy and screwless assembly, flexible part combination and a push-pull locking mechanism.

### Features & Benefits

- Contact configuration can be selected from 1 to 8 contacts
- Easy assembly: Contact soldering / crimping in disassembled condition avoids awkward wiring of high density contacts.
- Precise and robust all metal housing
- Push-pull self-locking system
- Coding system possible (polarization)

## Polarisation

**Gehäuse:** Zwei verschiedene Polarisierungen (90° and 180°).

**Kodierung 90°**

**Kodierung 180°**

**Einsatz:** Stecker- und Buchseneinsatz kann in alle 3 Gehäuse montiert werden.

## Modular System
