

DECLARATION of CONFORMITY

on

IRON AND STEEL INPUTS

(EU) 833/2014

With regards to the 11th package of sanctions of the European Union (Council Regulation 1214/2023 of June 23, 2023) from September 30, 2023, the import or purchase of products processed in a third country using iron and steel inputs originating in Russia as listed in Annex XVII of the Council Regulation (EU) 833/2014 in the European Union, are prohibited.

The prohibition applies to imports of iron and steel products incorporating inputs originating from Russia that enter the Union as of September 30, 2023, if they were manufactured or produced after June 23, 2023.

Hereby, we confirm that we comply with the prohibitions regarding iron and steel products according to Art. 3g (1) lit. d of the Council Regulation (EU) 833/2014 as listed in Annex XVII.

All Neutrik Group companies are fully committed to complying with all EU restrictions within our operations as well as across our international partner network.

Schaan, 14.12.2023
