POWER BAR

Ultra-compact power distribution box

Built for harsh environments, this ultra-compact power distribution box combines high durability, safety, and smart design.

ULTRA-COMPACT **RUGGED DESIGN**
INDOOR & OUTDOOR **FLAME RETARDANT**

The ultra-compact, injection-molded housing with powerCON TRUE1 connectors delivers reliable performance and outstanding protection in demanding environments.

Built to withstand the toughest conditions. The NEUTRIK Power Bar combines robustness with a space-saving design. Flexible mounting options make installation quick and easy, while its professional quality at an attractive price ensures exceptional value for a wide range of applications.
