

**Declaration of Compliance**  
**REACH EC 1907/2006**  
**Registration, evaluation, authorization and restriction**  
**of chemical substances**

Based on supplier information, material declarations and internal product knowledge, NEUTRIK AG declares that products manufactured and distributed under the brands NEUTRIK, REAN and CONTRIK comply with the applicable requirements of Regulation (EC) No. 1907/2006 (REACH).

The table below lists substances subject to Article 33 communication obligations under REACH based on the ECHA Candidate List comprising 253 SVHCs valid as of 04 February 2026. Applicable Annex XVII restrictions are complied with.

| Product Family                                                | Description Affected Component                        | SVHC Substance                                                                        | CAS No.    | Concentration* |
|---------------------------------------------------------------|-------------------------------------------------------|---------------------------------------------------------------------------------------|------------|----------------|
| XLR, BNC, plugs & jacks, speakON, opticalCON, powerCON, DLINE | Brass and other copper alloy components, DLINE Diodes | Lead                                                                                  | 7439-92-1  | > 0.1 % w/w    |
| Assembled optical cables                                      | Optical Fiber                                         | Diphenyl(2,4,6-trimethylbenzoyl) phosphine oxide                                      | 75980-60-8 | > 0.1 % w/w    |
| Assembled optical cables                                      | Optical Fiber                                         | 2-Methyl-4'-(methylthio)-2-morpholinopropiophenone                                    | 71868-10-5 | > 0.1 % w/w    |
| Assembled optical cables                                      | Outer Jacket                                          | Triphenyl phosphate                                                                   | 115-86-6   | > 0.1 % w/w    |
| NKO2M-A-***<br>(cable lots up to 0174XXXX only)               | Outer Jacket                                          | Dodecachloropentacyclo[12.2.1.16.9.02,1 3.05,10]octadeca-7,15-diene (Dechlorane Plus) | 13560-89-9 | > 0.1 % w/w    |
| powerCON and speakON series                                   | UV-resistant polymeric components                     | Bumetrizole                                                                           | 3896-11-5  | > 0.1 % w/w    |
| powerCON and speakON series                                   | UV-resistant polymeric components                     | DBDPE (1,1'-(ethane-1,2-diyl)bis[pentabromobenzene])                                  | 84852-53-9 | > 0.1 % w/w    |
| Power Bar and opticalBAR                                      | Housing                                               | Bumetrizole                                                                           | 3896-11-5  | > 0.1 % w/w    |
| Power Bar and opticalBAR                                      | Housing                                               | DBDPE (1,1'-(ethane-1,2-diyl)bis[pentabromobenzene])                                  | 84852-53-9 | > 0.1 % w/w    |
| DLINE                                                         | Aluminium Electrolytic Capacitors                     | 6,6'-Di-tert-butyl-2,2'-methylenedi-p-cresol [DBMC]                                   | 119-47-1   | > 0.1 % w/w    |

\*Concentration threshold refers to the article level in accordance with ECHA's "once an article, always an article" principle

Under normal and intended use no special risk management measures are required for the end user. Where applicable, SCIP notification obligations are fulfilled in accordance with Directive 2008/98/EC.

This declaration remains valid until superseded by a revised version following updates of the Candidate List or the availability of new supplier information.
