To remove the PUSH Lever from this receptacle with the Removal Tool access to the front and rear of the receptacle is necessary.

Depress the PUSH Lever fully as shown in figure 1, and hold it in this position.

Now insert the Removal Tool shaft into the removal slot located on the rear of the receptacle (label A) until it rests completely inside the receptacle as shown in figure 2.

Finally, pull out the PUSH Lever from the receptacle and withdraw the Removal Tool as indicated in figure 3.
