

Attestation of Conformity

**No. 2004 - 044 – Screened Category 6 Connecting Hardware
De-embedded test method**

Company

Reichle & De-Massari AG
Binzstrasse 31
8622 Wetzikon
Switzerland

Product description

Screened Category 6 RJ45 jack

Product identification

R302372

Generic cabling standards, cable standards

- ISO/IEC 11801:2002, electrical performance requirements
- EN 50173-1:2002, electrical performance requirements
- ANSI/TIA/EIA-568-B.2-1, electrical performance requirements

Technical report

DELTA-E311648, DANAK-19J1088

This product has been tested by the EC (European Cabling) group of DELTA and complies with the electrical requirements of the above specified standards. The mated pair requirements are passed using the complete specified de-embedded range of RJ 45 plugs. The product was tested in February 2003.
